AMENDMENT UNDER 37 C.F.R. § 1.111

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated April 1, 2003, please amend the above-identified application as follows:

IN THE CLAIMS:

Please add the following new claims:

50. (New) A method of determining access to a system, said system permitting a predetermined number of simultaneous accesses, the method comprising:

receiving one or more requests to access the system; and

for each request, determining whether to allow access to the system using an access vector comprised of one or more access indicators, wherein a number of available access indicators corresponds to a number of the simultaneous accesses permitted by the system at any given time.
